

REDUCE YOUR DAMAGE FEE EXCESS

While insurance comes as standard with your membership, there is still a damage fee excess you may have to pay (not sure what this is? Turn me over). This can be lowered or removed completely by adding a waiver — leading to a stress free drive should anything happen to your Zipcar out on the road.

what's a damage fee excess?

While our insurance will help cover you from big charges should you ever have an accident (which we hope is never), there is still an amount of money — the excess — which you would have to pay if there was an insurance claim.

how do I reduce my damage fee excess?

Simple — add a waiver. By paying from as little as **£9.95 a month** you can reduce or completely eliminate your excess. Meaning you'd pay less, or even nothing, should you ever suffer a bump or scrape to your Zipcar when you're out & about.

add peace of mind

Add a waiver and get piece of mind in a couple of clicks. Head over to your account or zipcar.co.uk/members/add-waiver.

with prices starting at just
£9.95/month
why not add an annual or
monthly waiver
